

working under extremely dangerous conditions to protect the public and our lands from the threat of these wildfires.

Today I am announcing that the Departments of the Interior and Agriculture, in conjunction with the Office of Personnel Management, will take immediate steps to make available as many as 2,000 Federal personnel for vital management and supervisory positions to support our firefighting efforts. Additional managers and supervisors are needed to ensure additional firefighting crews have the proper supervision and management support that they need in the field. This action will immediately authorize individuals working long, stressful hours to be compensated appropriately. Our Nation owes a great debt of gratitude to these firefighters, managers, and their loved ones who sacrifice their energy and risk their lives in service to their country. It is our responsibility, in turn, to do all we can to protect and support them.
